The committees at GPCET associates with academic and various students' centered issues. The committee ensures to see that various activities and disciplines are moved efficiently. The committees consist of students from the departments working together. The students involve in both curricular and academic related activities with commitment. The management, Staff and the students work together with the committee to achieve the horizon in a very broader and clear perspective. The committee conducts meetings regularly with the student members.

The committees identify students to be members of the council based on their past and present performances. The student members work to gather the information of ongoing activities and classes regularly and inform the same to the higher authorities. The members identified will serve the committee for an academic year.

The committees consist of students identified from the departments along with faculty members. Along with them group of student volunteers are identified to be a part of the various activities conducted. The committee members take the responsibility of conducting the events in accordance with the schedule.

Vision:

To prepare professionally superior and ethically strong global man power in technology and management to serve the nation and the world in the 21st century.

Mission:

To strive hard in training the students with the current technology and motivate them to take-up research problems and invocation associated with personality development program to meet the challenges in this competitive world in an efficient manner.
