IV CSE I-Semester, II-MID Examinations-November-2018
Objective Paper

1

Subject: Management Science **Time: 20 min**
Date: 04-11-2018 **Max Marks: 10**

==========

Choose the correct Answer:

1. The function of introducing the company to the employee before he reports for the duty is called
   (a) Training (b)Induction [ ]
   (c) Recruitment (d) MBO
2. Which of the following relates to 'on-the-job training'?
   (a) Demonstration (b)Conferences [ ]
   (c) Seminars (d) Case Study
3. Which of the following is a financial incentive?
   (a) Stock Options (b)Job Security [ ]
   (c) Flexi-time (d)Job Rotation
4. Which of the following is a non-financial incentive?
   (a) Stock Options (b)Performance Linked pay [ ]
   (c) Flexi-time (d) Group Bonus
5. Which of the following is an example for off-the-job training?
   (a) Lecture Method (b)Experimental Learning [ ]
   (c) Demonstration (d) Apprentice training
6. Which of the following is event-oriented?
   (a) PERT (b)CPM [ ]
   (c) Schedule (d) None
7. In PERT, the event is represented by
   (a) Arrow (b)Circle [ ]
   (c) Line (d) Dotted Arrow
8. Which of the following does not consume resources?
   (a) Activity (b)Event [ ]
   (c) Dummy Activity Dangler
9. Events left untied to overall network are called
   (a) Prototype (b)Sequence [ ]
   (c) Danglers (d) Drops
10. Path which contains all event with zero or minimum slack is
    (a) Critical path (b)Succession or event [ ]
    (c) Critical slack (d) Event slack

11. What refers to the process of planning undertaken by the top management to achieve their organizational goals?
    (a) Strategy formulation (b)Corporate planning [ ]
    (c) Environmental scanning (d) None of the above
12. What involves an analysis and diagnosis of the external and internal environments of a business firm?
    (a) Environmental analysis (b)SWOT analysis [ ]
    (c) Environmental scanning (d) Strategic analysis
13. What refers to the group of firms carrying on similar activity?
    (a) Suppliers (b)Competitors [ ]
    (c) Industry (d) Strategy
14. Which of the following refers to the course of action desired to achieve the objective of the enterprise?
    (a) Schedule (b)Strategy [ ]
    (c) Scanning (d) Evaluation
15. Which of the following is not a generic strategy alternative?
    (a) Stability strategy (b)Expansion strategy [ ]
    (c) Retrenchment strategy (d) Allocation strategy
16. JIT system is sometimes referred to adapting
    (a) Linear system (b)Lean production system [ ]
    (c) TQM (d) None
17. EOQ is
    (a) Equal order quantity (b)Estimated overall quantity [ ]
    (c) Economic order quantity (d) Equilibrium open quantity
18. Which of the following involves decision to sub contract some or all non-core processes?
    (a) BPR (b)BPO [ ]
    (c) APM (d) MIS
19. Identify that Factors affecting plant location.
    (a) Market (b)Raw Material [ ]
    (c) Labour (d) All
20. _____ includes any process designed to assure that organization plans are carried out the way they were designed
    (a) Organization control (b) Inventory Management [ ]
    (c) Project management (d) ABC Analysis

11. What refers to the process of planning undertaken by the top management to achieve their organizational goals?
    (a) Strategy formulation (b)Corporate planning [ ]
    (d) Environmental scanning (d) None of the above
12. What involves an analysis and diagnosis of the external and internal environments of a business firm?
